I understand the FCC has a proposal from M2Z Networks not yet scheduled for a hearing that would provide free nationwide broadband service across America. I hope the FCC will give this proposal serious consideration, along with other proposals that will provide easier and more affordable access to the working families and small businesses of our nation.

It is important that as we work to get more connected as a country, we make sure that there is not a digital divide in our nation between those with access to the internet and those who cannot because of economic or geographical reasons.

If you have any questions, please do not hesitate to contact me.

Thank you for your consideration of this important matter.

Sincerely,

A handwritten signature in black ink that reads "Lon Burnam". The signature is written in a cursive, flowing style.

Lon Burnam

CC: FCC Chairman Kevin Martin
United State Senator Kay Bailey Hutchinson
United States Senator John Cornyn
United States Representative Eddie Bernice Johnson
